01 PROFILE

I am very passionate about the world of technology, especially in website development and mobile application design. I have strong experience in learning UI/UX design, and also very interested in graphic design, photography, and video editing. What makes me proud is my diverse skills in information technology, from creating websites to user interface design, as well as my expertise in photography and graphic design.

02 EMPLOYMENT HISTORY

05/2023 — 02/2024 **Photographer at Informatics Study Program, University of Muhammadiyah Malang** *Malang*

Planning social media content, conducting photographic documentation at study program events, making social media videos, and making official videos, and editing social media videos or official videos.
